

VOJENSKÉ ZDRAVOTNICKÉ LISTY

VOLUME LXX

DECEMBER 2001

SUPPLEMENT 1

**THE 6th CZECH AND SLOVAK INTERNATIONAL TOXICOLOGICAL CONFERENCE
IN HRADEC KRÁLOVÉ
FROM 3rd TO 5th SEPTEMBER 2001**

From the Editor:

The Toxicological Section of the Czech Association for Experimental and Clinical Pharmacology and Toxicology of the Czech Purkyně Medical Association, the Toxicological Section of the Slovak Pharmacological Association, the Slovak Medical Association and the Purkyně Military Medical Academy in Hradec Králové held the 6th Czech and Slovak International Toxicological Conference in Hradec Králové from 3rd to 5th September 2001. The Conference took place on the occasion of two important anniversaries of the Czech military health service – the 75th anniversary of establishing military medical education and the 50th anniversary of the Purkyně Military Medical Academy in Hradec Králové. The Conference was held under the supervision of the mayor of Hradec Králové – MSc Oldřich Vlasák and the PMMA rector – Col. Assoc. Prof. Svatopluk Býma, MD, PhD. We are thankful to the company Arrow International Czech Republic, a.s., which sponsored the Conference. The Supplement to the Military Medical Journal (Vojenské zdravotnické listy), which you have just opened, was compiled from papers, which we have received from the Conference participants through the end of 2001.
