

LETTER TO THE EDITOR

NEW BOOK: PROBLEMS OF TOXICOLOGY

The Bulgarian Toxicological Society edited a book "Problems of Toxicology". This book includes reports which were presented at the Fourth National Congress of Clinical Toxicology with International Participation and Annual Meeting of Bulgarian Toxicological Society, which were held in Sofia, Military Medical Academy, Bulgaria, from 7th to 8th November, 2013.

The book also includes a papers connected with the NATO project number SfP 984082 "Esterase status for diagnostics and prognosis of OPC intoxications" (OPC Detection) and papers selected from the materials sent from scientists from different countries, which were close to the topics of the Congress.

The book could be free download from the site of Bulgarian Toxicology Society (<http://www.bgts.tasatbg.com/>) and the site of the project "Esterase Status for diagnostics and prognosis of opc intoxications" (<http://opcdiagnostic.org/>).
